Quality Healthcare for One and All

IQRAA Health Tourism Facilitator

Kerala, dubbed as God's Own Country, is one of the most sought after tourist destinations in the world. Numbered among the *ten paradises of the world* by National Geographic, Kerala is famous for its ecotourism destinations and backwaters. Tourism's contribution to the state's economy shows how far Kerala attracts people from all over the world.

Kerala's model of healthcare is world-renowned. The availability of highly qualified and experienced doctors and supporting staff at low cost is the main attraction of Healthcare service providers of India, especially Kerala.

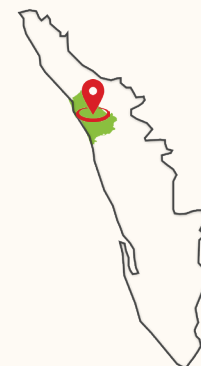

We are located at Calicut city of Kerala. Calicut was a major trade centre in the world. Its original name is Kozhikode and the Arab traders called it 'Kalikut', and gradually came to be known as Calicut.

Kerala has four international airports, Trivandrum, Kochi, Kozhikode and Kannur, to where flights from almost all airports of the gulf countries provide services.

Calicut city is about 27 kms far from Calicut International Airport.

Healthcare Possibilities in Kerala

- Kerala's healthcare sector stands at par with the healthcare sectors in developed parts of the world.
- Availability of treatments at lower cost.
- Highly qualified, experienced and competent doctors, nurses and paramedical staff.
- Advanced high-tech healthcare facilities coupled with evidence-based clinical practices.
- Nurses from Kerala are already internationally acclaimed.
- International standards in infection control practices.
- Despite of high density in population, hospitals in Kerala keep high standards in hygiene.

Why IQRAA Health Tourism Facilitator?

IQRAA Health Tourism Facilitator (IHTF) is the novel venture of IQRAA International Hospital and Research Centre, Calicut, India, a multi-specialty hospital. What makes IHTF different from other healthcare tourism providers is, it has a strong backing of a multispecialty hospital.

IQRAA is famous for its ethical and charity medical practices and thus IQRAA stands odd in the healthcare sector,

What IHTF Does?

- Patient approaches IHTF for treatment in India
- Our medical team does an initial assessment based on the patient's medical history
- The Medical team makes a treatment plan
- Based on this plan they will be provided different treatment options in India
- Patients select their option

Then we initiate for

- Visa Process
- Travel
- Pickup from airport
- Accommodation
- Appointment with doctor
- Assistance during the treatment
- Return journey
- Post-treatment/ surgery follow-up
