IN THE NAME OF GOD, WE PRESENT YOU THE ANNUAL REPORT OF THE YEAR 2021-2022

IQRAA Hospitals' mission is to deliver healthcare services of international standards, offering state-of-the-art, cost-effective, and affordable care to people, with a special focus on marginalized and underprivileged segments of society. We are committed to the achievement and maintenance of excellence in education, research, and healthcare for the benefit of the community. Since our inception, we have been tirelessly working to enhance accessibility and affordability for everyone.

1

VISION

Provide high quality, affordable and compassionate care to the needy with utmost safety and thus achieve high level of patient satisfaction

MISSION

To provide state-of- the art, cost effective and affordable healthcare services for people, especially the marginalised and the underprivileged sections of society.

VALUES

- Compassionate care
- Affordability
- Respectful and reliable
- Excellence in performance

2

MESSAGE FROM THE EXECUTIVE DIRECTOR

Dears,

It is my privilege to extend my heartfelt gratitude to each of you for your unwavering support throughout the past year. Together, we have made significant steps in fulfilling our mission of providing compassionate healthcare to those in need.

This annual serves as a testament to the dedication and hard work of our entire team, as well as the support from various parts. As we reflect on the past year and look ahead to the future, let us continue to work together to make a positive impact on the lives of those we serve.

We will continue to expand our reach, improve our services, and make a meaningful difference in the lives of countless individuals.

Thank you for your continued trust and support.

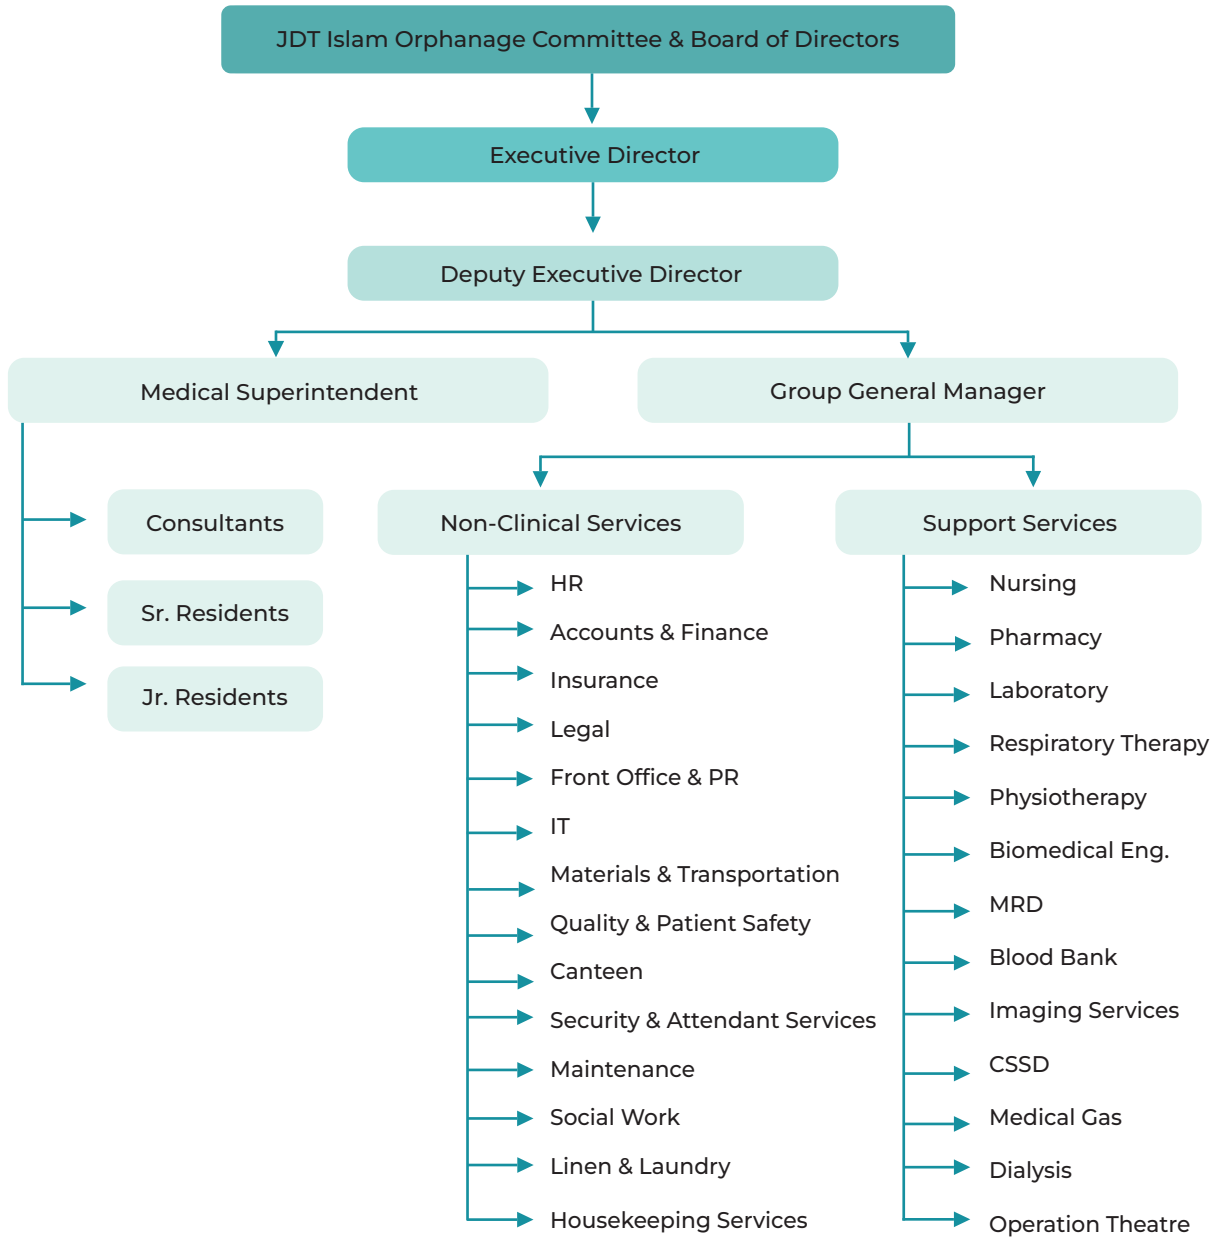

Sincerely

Dr. Anver P.C.

Executive Director, IQRAA Hospital

ORGANOGRAM

4

JDT ISLAM ORPHANAGE

JDT, ESTABLISHED IN 1922, WAS ONE OF THE FIRST NGO ORPHANAGES TO EMERGE AS A PRODUCT OF INDIA'S FREEDOM STRUGGLE.

Jam'iyat Da'wa Tablighul Islam, better known as the JDT Islam Orphanage, is a Registered Charitable Society and a non-profit organization. JDT Islam is one of the oldest orphanages in India, established in 1922 by Kasoori Brothers from Punjab for helping orphans and destitute, with its roots deeply intertwined with the freedom struggle. Its inception aimed to protect and save the children who became orphans and destitute as a result of the great Malabar Rebellion during the Indian Independence Struggle in 1921.

There is an interesting background as to how the JDT came into being. Prior to the setting up of the institution, a majority of the population in the region were living in abject poverty, except for a few landlords. The peasants had no right to their property except to cultivate after paying a fixed portion to the landlord as 'pattam'. What followed was the Malabar revolt of 1921 that left about 10,000 dead and thousands of children orphaned. Inspired by an article written in The Hindu by freedom fighter Mohammed Abdurehman, Abdul Khader Kasoori, a philanthropist from Punjab, went to Malabar in the 1920s and took up the initiative to purchase land and establish JDT, their first such initiative.

Going beyond the concept of merely providing food and shelter to the underprivileged, JDT Islam has explored the best ways to fulfil their needs and rights, including those related to health and education. Currently, there are 27 educational institutions under JDT Islam, with over 20,000 students, offering education from primary level schooling to professional courses, catering to a broad segment of the community.

Even though it commenced functioning as an Orphanage, with the intention to shelter, feed and care for the unfortunate and miserable children, who were the offsprings of the bygone Malabar Rebellion, today, JDT Islam has journeyed a long way to attain its present position and status, as a well-run and well-maintained orphanage, known for its determination and dedication for its uncompromising quality of education, made possible through much hardships and trials earlier and was able to make its mark, winning a wider acceptance and acclaim in the whole of Malabar. It has also paved the way for the institution to enjoy an enviable level of status in society, both in the educational and service sectors.

Such has been the journey of the JDT group that it was bestowed with the National Award for Child Development by President Pranab Mukherjee in 2011.

QRAA Hospital is owned by the JDT Islam Orphanage Committee NGO, which is registered under the Societies Act. IQRAA International Hospital & Research Centre was established in 2000 as a healthcare initiative of JDT Islam. It serves as the sole healthcare endeavour of the JDT Islam Orphanage Committee. IQRAA's strategy of providing value-based healthcare services has been successful in addressing the health and healthcare needs of the community. IQRAA has firmly established itself as a major philanthropic and charitable initiative, extending a helping hand to the needy population in the region, particularly the marginalised sections.

6 JDT ISLAM INSTITUTIONS

After 2000, the JDT Islam campus has experienced remarkable growth, particularly in the fields of education and healthcare. This expansion has seen the establishment of several notable institutions, including the College of Nursing, the College of Pharmacy, and the College of Physiotherapy. In addition to these specialised colleges, the campus has also become home to various other institutes catering to both higher and lower studies. An impressive testament to this growth is the enrolment of over 20,000 students spread across a diverse array of 28 institutions. This flourishing educational ecosystem underscores the institution's commitment to providing comprehensive and quality education, further enriching the community it serves.

LIST OF INSTITUTIONS UNDER JDT

- Orphanage
- Madrassa
- LP School
- High School
- Higher secondary School
- Higher Secondary School (Un Aided)
- Senior Secondary School

IQRAA INTERNATIONAL HOSPITAL AND RESEARCH CENTRE

IQRAA International Hospital and Research Centre is a charitable healthcare initiative founded in 2000 by JDT Islam Orphanage Committee, Calicut, an NGO and one of the oldest orphanages in India. The objective of the hospital is to deliver high-quality healthcare services at affordable cost. Even though a charitable institution, IQRAA provides state-of-the-art diagnostic and treatment facilities made affordable to people from all sections of society. Located in Calicut city, IQRAA has an in-patient capacity of 450 beds with multi-specialty departments. We have an excellent crew consisting of 160 Doctors, 1636 including 1371 Nursing and Paramedical staff. Our laboratory was awarded the prestigious accreditation of NABL in 2012 and we are still maintaining the certification. Professional expertise, qualified and experienced staff and socially committed management could lead IQRAA to new heights, within the decade of its establishment.

We offer basic specialties like General Medicine, Obstetrics and Gynecology, Paediatrics, Orthopaedics, ENT, Dermatology, Dental surgery etc. along with super specialties like Cardiology, Nephrology, Urology, Endocrinology, Neurology etc. We provide laparoscopic surgery across all specialties. Our dermatology and cosmetology department delivers specialized services in vitiligo treatment including surgery, hair transplantation and cutting-edge cosmetology procedures. Orthopedics specialty regularly conducts joint replacement surgery, spine surgeries, scoliosis correction etc. In maternal and childcare, our centre is equipped with infertility treatment, high-risk pregnancy clinic, laparoscopic gynecological surgery unit and Level 3 Neonatology ICU.

Our Heart Centre is equipped with interventional cardiology services including Angioplasty. The Nephrology department is a centre of Excellence with more than 5000 dialysis a month. Kidney transplantation started in 2016 and on average 20 transplantation surgeries were performed in a month.

IQRAA Hospital is a centre of Postgraduate Medical education running DNB Course with the accreditation of Ministry of Health and Family Welfare under the Government of India and conducting observer ship programme to doctors securing medical graduation abroad. We are running healthcare educational institutions for training professional in healthcare management, nursing, physiotherapy, imaging, laboratory technology etc. Our two decades of experience in healthcare sector, our way of being and doing, further enriches the commitment in delivering quality healthcare for one and all, combining professional excellence and charity.

IQRAA THROUGH THE YEARS

The remarkable odyssey of IQRAA International Hospital and Research Centre stands as a testament to our steadfast dedication to delivering healthcare that is accessible, affordable, and of the highest quality. Reflecting on our achievements, we witness the profound impact we've had on the community and the enduring values that have guided our trajectory.

Commencing in 2000 with the inauguration by H.E. Dr. Muhammed Abdu Yamni, IQRAA Hospital has become intricately woven into the fabric of technological progress. Our commitment to state-of-the-art healthcare is evident through the establishment of the Diabetes and Dialysis Centre and the introduction of CT scan facilities in 2006.

In 2009, recognizing the crucial need for a blood bank, we took a significant step towards life-saving treatments. The commitment to holistic healthcare deepened in 2010 with the launch of the Community Dental Clinic, acknowledging the pivotal role of oral health in overall well-being.

The Dr. Muhammed Abdu Yamni Charity Programme, initiated in 2011, exemplifies our dedication to community service. The establishment of IQRAA Heart Care in 2012 expanded our expertise in cardiac health, offering comprehensive care to those in need.

Subsequent years saw expansions, including the introduction of the Mobile Medical Clinic in 2013, NABL accreditation for our Laboratory, and the addition of MRI services in 2014. In 2016, milestones such as Kidney Transplantation services, Transfusion Medicine, and the launch of a Mobile ICU with MDCT (64 slice) technology marked significant progress.

The journey continued in 2018 with the establishment of the IQRAA Kidney Care and Research Centre, focusing on renal health. In 2021, the IQRAA Cancer Care Centre set a new benchmark, providing comprehensive cancer care and support.

Looking forward, our vision is crystal clear: to establish a hospital in every district of Kerala, ensuring healthcare is accessible, affordable, and appropriate for all. Our locations prioritize disability-friendly structures and eco-friendly practices, showcasing our commitment to sustainability.

Throughout, community assessments have guided us in understanding unique healthcare needs, emphasizing efficient, ethical, and sustainable practices. We responsibly manage e-waste, recognizing our impact on the environment.

Our journey is a testament to core values of accessibility, affordability, availability, and appropriateness in healthcare. With each milestone, we reiterate our mission to serve the community with compassion and dedication, forging ahead into the future with unwavering commitment.

Beyond healthcare services, our commitment to accessibility extends to infrastructure. IQRAA Hospital is dedicated to creating a disability-friendly environment, ensuring inclusivity through features like wheelchair ramps, accessible restrooms, and specialized equipment.

Acknowledging our responsibility to the environment, sustainability is a core value. From energy-efficient lighting to responsible waste management, we strive to reduce our environmental footprint. These initiatives not only benefit the planet but also contribute to the overall well-being of our community.

Our journey is holistic, rooted in compassion, inclusivity, and sustainability. Healthcare, in our perspective, extends beyond treatment alone—it encompasses the environment in which care is provided. Our disability-friendly and eco-friendly approach reflects our commitment to fostering a healthcare ecosystem that is compassionate, inclusive, and sustainable.

- 2000- Inauguration of IQRAA hospital by H.E. Dr. Muhammed Abdu Yamni
- 2005- New management
- 2006- Diabetes and dialysis centre CT scan

- 2016- Kidney Transplantation, Transfusion medicine & Mobile ICU, MDCT (64 slice)
- 2017- New ICU
- 2018- IQRAA Kidney Care and Research Centre
- 2020- IQRAA COVID centers
- 2021- IQRAA Cancer Care Centre (Foundation stone)

OUR HOSPITALS AND CLINICS

The extraordinary evolution of IQRAA Hospital, starting as a lone facility in 2000, has transformed into a groundbreaking healthcare initiative by 2021. Founded by the JDT Islam Orphanage Committee, Calicut, an esteemed NGO and one of India's oldest orphanages, our hospital set out on a mission to redefine healthcare accessibility. Our steadfast goal has always been clear: to deliver high-quality healthcare services that remain financially feasible for all.

In the initial years, we identified stark disparities in healthcare access, especially among the impoverished and underprivileged communities. The exorbitant costs associated with healthcare often imposed a significant burden on those in greatest need. This realization fueled our mission to make a difference.

Today, standing with pride, we have not only expanded our services but also amplified our impact. With three peripherals and seventeen strategically placed clinics across various districts, our growth stands as a powerful testament to the success of our mission. This journey reflects our unwavering dedication to making healthcare accessible, affordable, available, and appropriate for everyone.

Looking ahead, our vision extends into the future we aspire to establish a presence in every district of Kerala, making 'Healthcare for All with Access' a tangible reality. Our commitment to equitable healthcare forms the bedrock of our journey, and our goal persists in reaching out to those who need it most.

Reflecting on our trajectory from a solitary hospital in 2000 to our present status in 2021, we are driven by the belief that healthcare is a fundamental right, not a privilege. Our journey stands as a testament to our determination to bring quality healthcare closer to every community, fostering hope and healing in the hearts of those we serve.

8 HOSPITALS, CLINICS AND PERIPHERALS REPORT

8.A IQRAA INTERNATIONAL HOSPITAL AND RESEARCH CENTRE

Bed strength

Number of sanctioned beds	450
Number of operational beds	341
Number of ICU beds	69
Number of Operation Theatres	11

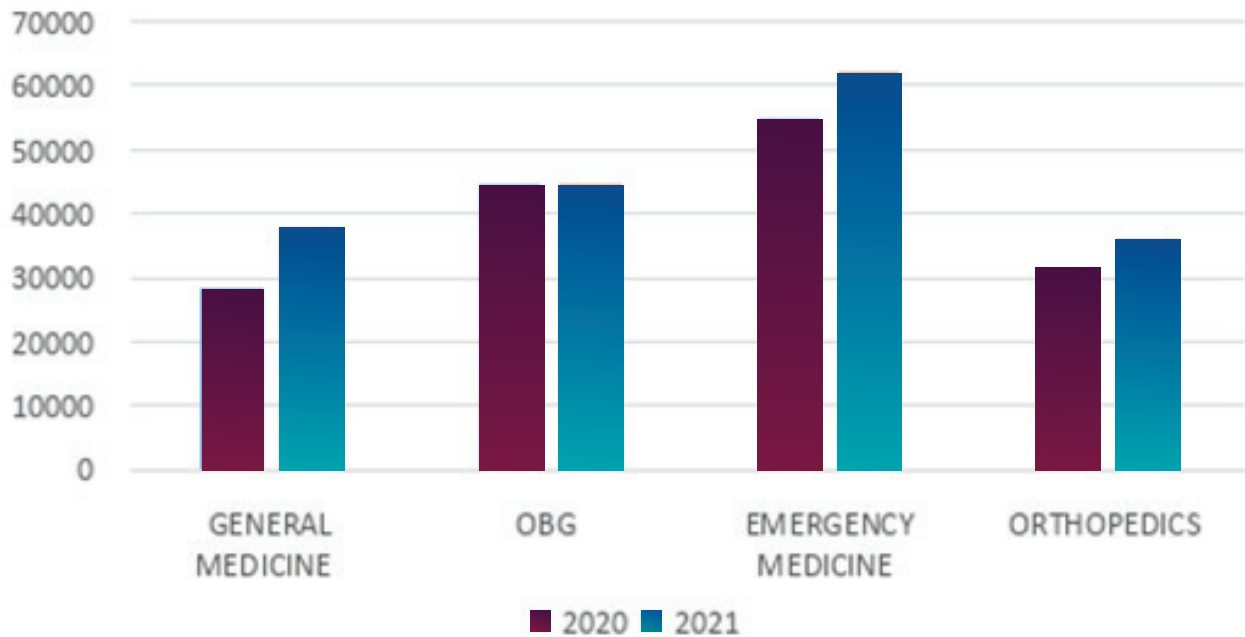

The IQRAA healthcare network comprises a diverse array of hospitals, each dedicated to the common mission of providing accessible and quality healthcare to communities across Kerala. At the heart of this network stands the flagship IQRAA International Hospital and Research Centre, located in Calicut. This hospital, founded in 2000, has been the cornerstone of our healthcare journey, setting the standard for excellence.

IQRAA MAIN HOSPITAL	OP	IP
DEPARTMENT	2020	2021
GENERAL MEDICINE	28,420	37,965
OBG	4,4871	44,944
EMERGENCY MEDICINE	55,044	62,418
ORTHOPEDECS	31,710	36,290

**Some highlighted departments*

In comparison to the OP of IQRAA Main Hospital 2020, the 2021 report demonstrates more progress.

IQRAA MAIN HOSPITAL - OP

In addition to our main facility, our healing network extends its reach to various districts through the following healthcare institutions:

- IQRAA Hospital in Sultan Bathery
- IQRAA Community Hospital in Vazhakkad
- RAHMA-IQRAA Community Hospital in Thottilpaalam.

Aligned with our visionary commitment to democratize healthcare access, IQRAA Hospital has strategically expanded its presence across diverse districts in Kerala, realizing the goal of establishing at least one hospital in every district. This ambitious initiative has materialized in three distinct healthcare facilities, each situated in a different district, positively impacting the lives of varied communities.

In Sultan Bathery, the establishment of IQRAA Hospital addresses the healthcare needs of the local population in Wayanad District. This facility stands as a beacon of hope for residents in the scenic landscapes of the Western Ghats, ensuring access to high-quality medical care.

The IQRAA Community Hospital in Vazhakkad, located in Malappuram District, plays a crucial role in meeting the healthcare requirements of a vibrant and diverse community. Its existence underscores our commitment to inclusivity, striving to provide essential healthcare services to every individual, regardless of their background.

Simultaneously, the RAHMA-IQRAA Community Hospital in Thottilpaalam, situated in Kozhikode District, embodies our dedication to serving the underprivileged and marginalized sections of society. Its strategic placement aims to bridge healthcare disparities and deliver compassionate care to those who need it the most.

Together, these three hospitals embody the realization of our mission to make healthcare easily accessible to every community. They epitomize our unwavering belief that quality healthcare should transcend geographic boundaries, ensuring that no one is left behind in their pursuit of a healthier life. These institutions are not merely hospitals; they represent the embodiment of our vision for 'Healthcare for All with Access,' contributing significantly to the well-being and vitality of their respective districts.

OUR CLINICS

In our steadfast commitment to ensure quality healthcare is accessible to all, IQRAA Hospital has expanded its outreach through a network of 8 clinics strategically positioned across various regions in Kerala. These clinics, integral components of the IQRAA healthcare network, play a crucial and distinctive role as vital healthcare facilities. Their significance lies in their specialization in both primary and specialized care, offering patients personalized medical services and treatments.

These clinics play a pivotal role in delivering essential primary care services, including check-ups, vaccinations, and preventive measures that contribute to overall health and wellness. Located strategically throughout the state, these clinics serve as essential extensions of our mission to ensure healthcare reaches every corner of the community. Each clinic serves as a beacon of hope for residents, providing a diverse range of medical services, diagnostics, and expert care. Whether situated in bustling urban areas or remote rural landscapes, these clinics stand as pillars of support, addressing the unique healthcare needs of each region. They epitomize our unwavering dedication to providing 'Healthcare for All with Access,' making high-quality healthcare easily accessible to every resident of Kerala.

These 8 clinics go beyond being mere healthcare facilities; they embody our commitment to inclusivity and compassion, nurturing the health and well-being of diverse communities.

Among our notable clinics, the IQRAA- MSS Medical Centre in Adimali offers essential medical care to the residents of the region. IQRAA Aesthetics in Calicut focuses on enhancing beauty and overall well-being. Additionally, IQRAA houses a cutting-edge Fertility Centre, ensuring that couples facing fertility challenges receive expert care and support.

Recognizing the importance of mental health, IQRAA offers a range of mental health clinics. In Eranhipalam, the IQRAA-Thanal Centre for Psychiatric Rehabilitation provides crucial support for individuals on their journey to recovery. Moreover, IQRAA's commitment extends to palliative care, with the IQRAA-Thanal Palliative Centre in Calicut offering comfort and solace to patients and families facing life-limiting illnesses.

Collectively, these clinics reflect our dedication to providing comprehensive healthcare solutions that cater to the diverse needs of our community. Each clinic embodies our mission of accessible, affordable, and quality healthcare, fostering health and well-being for all.

1. IQRAA Community Clinic, Kallai
2. IQRAA Community Clinic, Palazhi
3. IQRAA Community Clinic, Kinasseri
4. IQRAA Community Clinic, Vellamunda
5. IQRAA- MSS Medical Centre, Adimali
6. IQRAA-Thanal EIC, Malaparamba
7. IQRAA-Thanal Centre for Psychiatric Rehabilitation, Eranhipalam
8. Healthcare Partner- IIM Kozhikode

8.B IQRAA HOSPITAL SULTHAN BATTERY

IQRAA Hospital, Sulthan Bathery is a 100-bed hospital having all the clinical facilities with modern and advanced equipment.

Breakthrough in our hospital:

Amidst the challenges posed by the COVID-19 pandemic, IQRAA Hospital demonstrated its commitment to community well-being by establishing a dedicated COVID-19 block in May 2021 to serve the population of Wayanad. This initiative provided essential support during a critical period and garnered increased recognition and acceptance among the public and district authorities. Our efforts extended beyond the closure of the designated COVID hospital, as we continued to deliver comprehensive COVID treatment and services. This commitment reflects our dedication to public health and underscores the enduring role we play in addressing the healthcare needs of the community during challenging times.

OP OVERVIEW

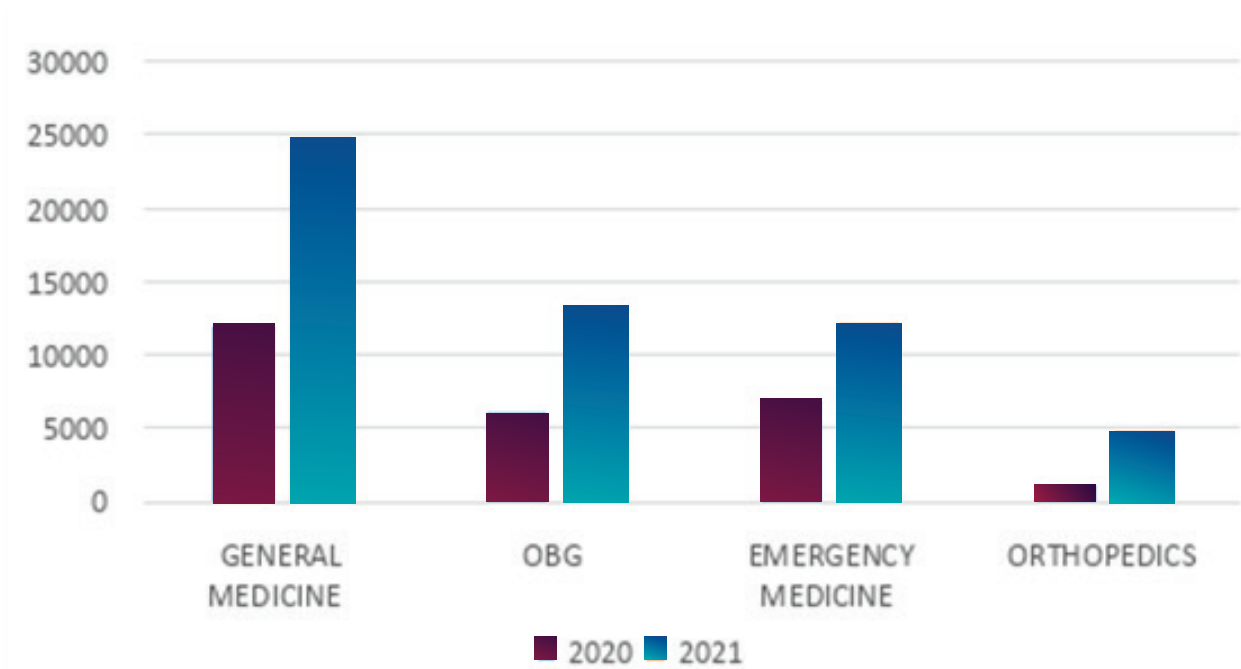

DEPARTMENT	2020	2021

IQRAA HOSPITAL SULTHAN BATHERY - OP

EFFICIENCY OF OUR HOSPITAL

Enhancing professional proficiency is achieved through the effective implementation of strategic measures, including streamlined staff scheduling and optimal utilization of manpower resources. By refining our approach to staff management, we aim to maximize workforce efficiency and ensure a harmonious workflow.

Furthermore, our commitment to excellence extends to a rigorous performance appraisal system for our staff. This not only serves as a means of recognizing commendable efforts but also as a foundation for identifying areas of improvement. To bolster professional growth and enhance work efficiency, additional training opportunities are provided to our staff. This proactive approach ensures that our team is well-equipped with the necessary skills and knowledge, contributing to a high standard of performance in our professional endeavors.

8.C IQRAA COMMUNITY HOSPITAL THOTTILPALAM

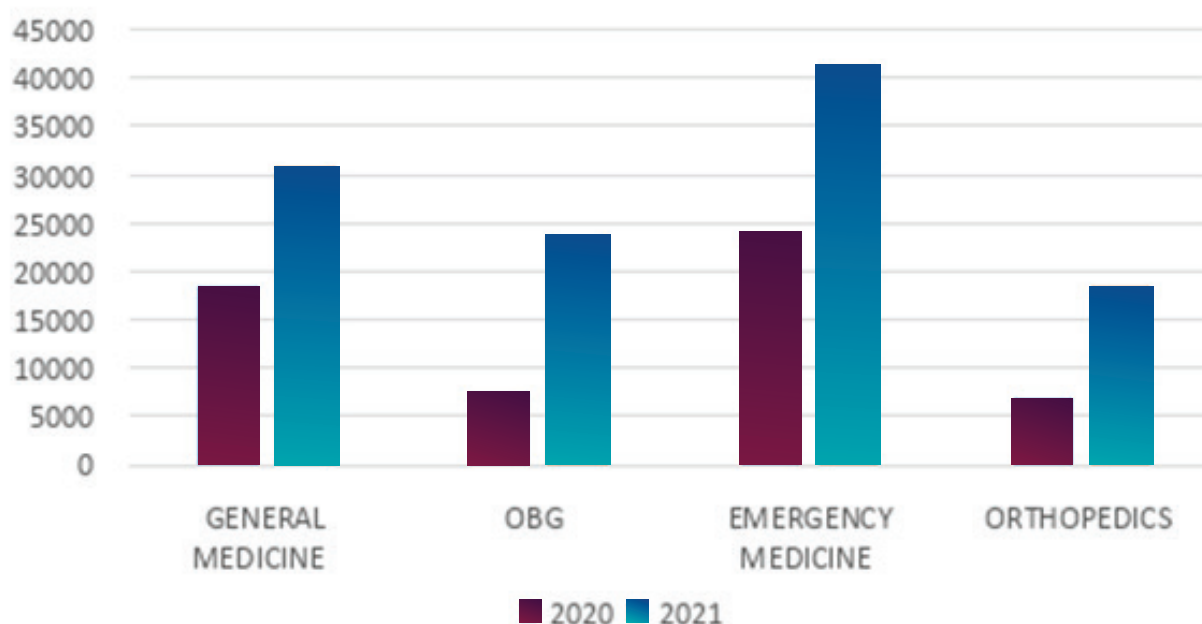

OP OVERVIEW - THOTTILPALAM

IQRAA RESEARCH CENTRE (IRC) ANNUAL REPORT 2021-22

Iqraa Research Centre (IRC) continues to lead the way in bridging the gap between research and patient care, prioritizing the advancement of health outcomes through innovative research and collaboration. Our steadfast dedication is evident in our impressive track record of **50+** publications, encompassing both clinical and non-clinical domains, which contribute significantly to medical knowledge on national and international platforms. This commitment results in tangible enhancements in healthcare practices and patient well-being.

Key Highlights:

1. **Publication Momentum:** In a continued pursuit of advancing medical knowledge, IRC achieved a remarkable milestone by publishing **51** research papers in 2021.
23. **In-house Ethical Standards:** Our in-house ethical committee ensures that our research adheres to global ethical standards, underscoring our commitment to conducting research responsibly.
4. **Active Departmental Research:** Departments such as Psychiatry, Critical Care, Pulmonology, Diabetology, and Nephrology have been actively engaged in robust research programs, contributing to the advancement of knowledge in their respective fields.

Our mission remains unwavering: to deliver high-quality, cost-effective treatment to the community at large, with a particular focus on supporting the underprivileged.

As we reflect on the achievements of the past year, the foundation of our success lies in promoting the utilization and conduct of research in clinical practice. By setting the gold standard in clinical research and offering unmatched expertise, we are not only advancing medical knowledge but also ensuring that the best treatment practices reach every patient.

Looking ahead with enthusiasm, we aspire to continue pushing the boundaries of medical research, continually enhancing patient care in the years to come.

EVENTS, WORKSHOPS AND SEMINAR

In the 2021-22 period, IQRAA has emerged as a dynamic center for learning and community engagement. Throughout the year, we have played host to a myriad of events, workshops, and seminars, all meticulously designed to promote learning and foster meaningful conversations. These diverse gatherings have not only added depth to the experiences of our members but have also strengthened our bonds with the community we serve. As we contemplate the year gone by, we are eager to present an overview of the various events that have significantly contributed to our mission of knowledge dissemination and empowerment. Notably, during the 2021-22 timeframe, IQRAA successfully organized 2 major Continuing Medical Education (CME) sessions, 19 Seminars, across different departments, further solidifying our commitment to advancing healthcare education and collaboration.

THANK YOU
