IQRAA For all

MESSAGE FROM
EXECUTIVE DIRECTOR

"An opportunity to serve you the best awards us the glory of dignity, pleasure and prosperity. We love to be at your needs every time-to alleviate your distress, heal your pains and pacify your hearts...What makes our noble missions laudable is the greathearted association of each one you of with this health hub. We have sole faith that our charitable contributions are devoted with the humanitarian sense and philanthropic standpoint. In the good hope of serving you more felicitously".

Dr. Anver P. C.

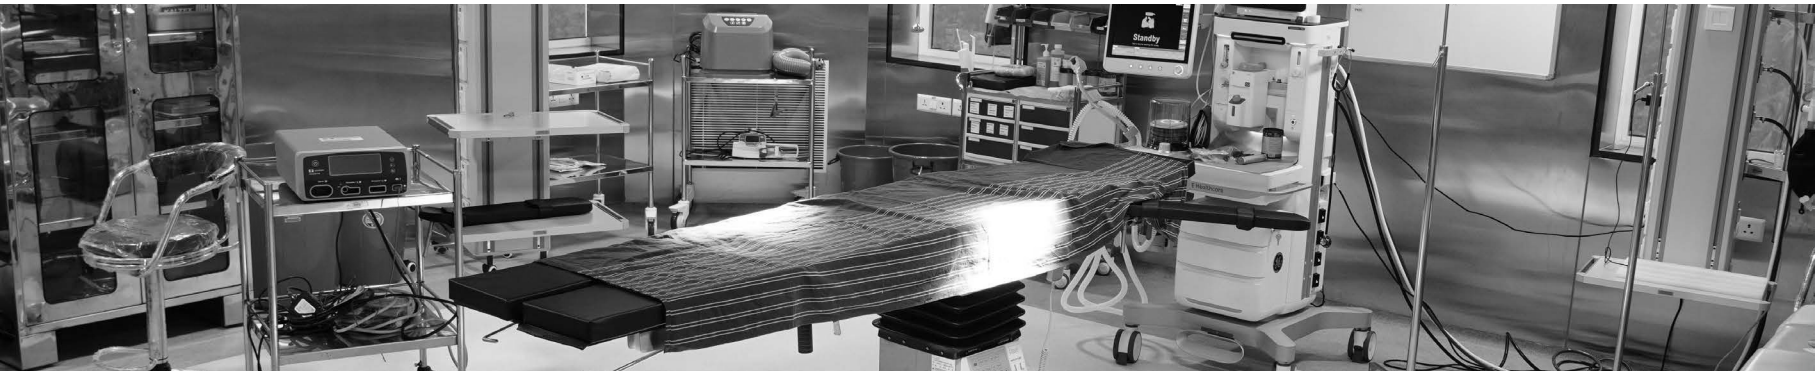

OUR
MISSION & VISION

- **High Quality Treatment**
  To provide high quality, low-cost treatment to the whole community especially the underprivileged patients.
- **Highest Quality Clinical Care**
  To provide the highest quality clinical care at nominal cost.
- **Patient Satisfaction**
  To achieve the highest level of patient satisfaction.
- **Invest in Professional Growth**
  To invest in the professional growth and community development.
- **State-of-the-art Facilities**
  To provide state-of-the-art facilities and equipment.
- **Manage our Resources**
  To manage our resources prudently.

IQRAA FOR ALL

Iqraa for All is the social outreach arm of IQRAA Hospital in helping and assisting poor patients who are unable to afford even our reduced hospital charges with the comprehensive health care. We help them by providing further discounts following the recommendations made by our Social Work Department. We aim at enabling the availability of high-quality medical services to the needy patients at affordable charges.

IQRAA KIDNEY CARE
Healthy kidney for all

Kidney Transplantation

We started the kidney transplantation program in **2016** and the surgery is performed at the lowest rate in the country. Iqraa Hospital has reached a major milestone with **1,246** total kidney transplants to date. The department of Nephrology in Iqraa hospital is the one of the best of its kind in the country with well-qualified and highly experienced doctors, nurses and the facilities par excellence. A Single kidney transplant costs **INR 2, 75,000** which is **45% to 50%** lower than the usual rates. We discounted **₹6,36,00,000/-** for **212** patients in the last year.

Sponsorship for Dialysis patients

Iqraa Hospital serves as a vital link between donors and patients living with chronic renal disease. With the support of individuals, NGOs, and expatriate groups. The hospital helps ensure that essential, life-saving dialysis remains accessible to patients who are unable to bear the high recurring cost of treatment. Last year, we supported **394** patients, with a total expenditure of **₹93, 13,023/-**

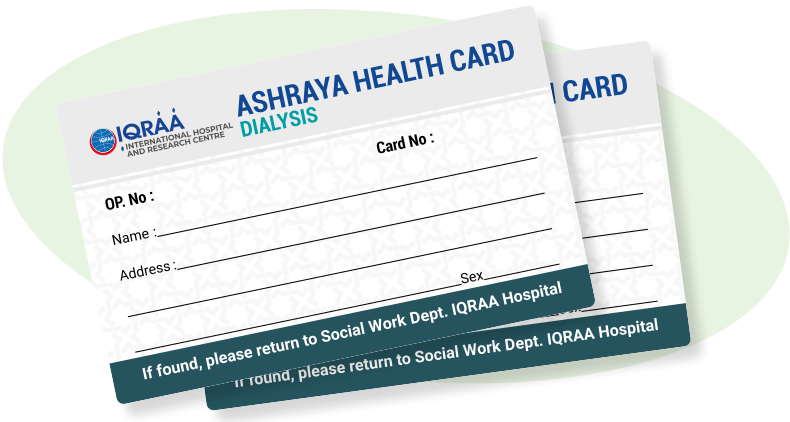

Subsidised Dialysis Centre

Iqraa introduced subsidised dialysis in Kerala in **2006** and currently the cost of a single dialysis is **₹1200** in Iqraa hospital while others in the field charge around ₹1700 or more. More than **8000** dialysis are performed a month in our dialysis units and peripheral centres. The majority of the patients undergoing dialysis are from poor financial backgrounds. We have provided a discount of **₹4,69,38,000/-** for **93,876** dialysis in **2025**.

We also have extended helping hands for the dialysis and transplant patients, not only for the patients of Iqraa hospital, but for all the poor patients of the region by starting a special scheme, named ASHRAYA Health card. The Ashraya Health Card is a dedicated healthcare initiative designed to provide financial relief and comprehensive medical support to patients battling chronic kidney diseases.

Ashraya Health Card

- Total discounts worth **₹1,11, 91,044/-** (Rs. One Crore one Lakh Eighty-Three Thousand and One Eighty-Nine only) was provided to these card holders in **2025.**

- **Ashraya Health Card for Dialysis Patient:** The cardholders will get the benefit of a **20%** discount in hos pital bills and investigations. The patients will get doctor consultation at free of cost.

- **Ashraya Health Card for Transplant patients and Hemophilia Patients:** This card is provided to Transplant and Haemophilia patients. The cardholders will get a benefit of **20%** discount in hospital bills, investigations etc. and a **50%** discount in doctor consultation.

- **Ashraya Health card for outside dialysis patients:** This card is being provided to the Dial-ysis or patients underwent transplan tation outside Iqraa Hospital, where patients can avail **20%** discount in Hospital bills and investigations etc. The patients will get a **50%** discount in doctor consultation.

I-KARD
(IQRAA Kidney Care-Association of Recipient and Donors)

Under this scheme kidney transplant patients can avail a **50%** discount on lab investigations for a period of one year and whereas in IKARD Donor card, cardholders are eligible for a completely free comprehensive health checkup once in every year for a duration of ten consecutive years. This initiative serves as a long-term commitment to their health and well-being.

We have provided discounts worth **₹33, 36,790/-** (Rupees Thirty-Three Lakh Thirty-Six Thousand Seven Hundred Ninety Only) to I- KARD holders in **2025**.

Hridayasparsham

This initiative was launched by IQRAA Hospital to commemorate the **centenary of JDT Islam Orphanage.**
This mission-driven scheme provides life-saving **angioplasty procedures** for free of cost to patients who could not afford such critical cardiac treatment.

This initiative serves as a tribute to the **100**-year legacy of JDT Islam. The program has successfully completed **78 free procedures** to date, restoring health and hope to dozens of families. The hospital's social work department conducts socioeconomic assessments to accurately evaluate the background of each patient.

Sahridayam

Under the Sahridayam scheme, we provide angioplasty to the deserving patients for the lowest rate in Kerala. We are charging **₹75,000** for an angioplasty for deserving patients.

Orphan Care

Orphan Care

Iqraa Hospital provides comprehensive medical care to the orphans and destitute of JDT Islam Orphanage at free of cost. We have a clinic at JDT campus to provide outpatient services to the orphans.

In this scheme the orphans and destitute in JDT Islam get treatments, tests and other investigations for free in Iqraa hospital. We spent **₹4, 99,201/-** towards providing this scheme in **2025**.

Ullam

Psychiatric rehabilitation programmes are developed to help individuals with persistent and serious mental illness to develop the emotional, social and intellectual skills needed to live, learn and work in the community with the adequate amount of professional support. This initiative is designed to ensure that treatment cost does not act as a barrier to mental health treatment and successful reintegration into society.

We have a well versed multi-disciplinary team which includes eminent psychiatrists,psychologists, social workers, nurses and other supportive staff. Iqraa provides discount or free treatment for deserving psychiatric patients and in last year **176** patients were part of this scheme. We have provided **₹37, 14,274/-** as discounts.

I-Heal

Iqraa Pain and Palliative care department is dedicated to support palliative patients in our palliative centre. It provides a combination of active and compassionate therapies to comfort and support the patients and their families with life threatening diseases. We have dedicated and skilled doctors specialised in palliative medicine and it's an exclusive facility to IQRAA alone. **107** in-patients benefited from the scheme last year. We have provided **₹16, 45,408/-** as discounts.

Palliative Home Care

Our Palliative Home Care programme provides **24x7** home-based palliative support and treatment at their doorstep at free of cost. The program successfully reached **8,271** patients, with an aggregate expenditure of **₹43,87,277/-**

IQFA Chikitsa Sahaya Padhathi

Chikilsa Sahaya Padhathi is a program that offers either free or discounted health services to deserving patients based on their socio-economic assessment. Depending on their socio- economic assessment, the hospital may provide financial assistance to patients as per the recommendation of the department of Social Work.
In **2025**, we provided discounts totalling **₹3,42, 24,103** to **3384** eligible patients.

Free Outpatient Clinic

Iqraa offers doctor consultations in outpatient clinic for a nominal registration fee of **₹ 10**. Last year, this service benefited **3, 43, 873** individuals in Iqraa and our peripheral centres. This is when other centres in the region charge at least **₹100** for a general OP consultation. Through this, Iqraa has ex-tended an overall financial benefit of **₹3,09,48,570** to patients in the form of consultation fee con-cessions.

Mercy Clinic

At the Mercy Clinic, patients with pre-booked appointments pay **₹50** for speciality & super speciality consultations and they receive **25%** discount on prescribed investigations like laboratory tests, radiology and other investigations. We provide speciality OP for this rate in scenarios where it costs between **Rs. 250/500** in the region. In **2025, 553** patients availed themselves of this service at a cost of **₹5, 11,394/-**

Mobile Medical Unit (MMU)

The Mobile Medical Unit started to conduct lifestyle detection camps in remote areas. It consists of doctor consultation, nursing care, basic laboratory investigations to remote areas. A bus is equipped with all these facilities and travels to serve people in needy and remote regions. This is specifically designed to conduct lifestyle disease screening camps in remote areas. This is implemented in co-operation with Malabar Charitable Trust and Kozhikode District Panchayat.

We have conducted **130** medical camps for **12163** beneficiaries. In this clinic perform basic kidney screening for early detection of kidney failure, cholesterol and sugar test, BP checking, BMI etc. for detecting lifestyle diseases. We have appointed a doctor, four laboratory technicians and one nursing staff for this scheme.

For the mobile medical unit, we spend **₹15,98,961/-** in the last year. The sponsor of the mobile medical clinic has made an arrangement for distribution of free medicine to poor patients identified by the mobile medical clinic.

Community Medical Camps

We conduct medical camps in our hospital and rural areas and selected patients will be provided with hospital care at reduced cost. During the last year, around **722** patients have benefitted from these camps held in different areas. We have provided discounts worth **₹15,46,021/-** for lab tests and other investigations in the last year.
